

Alby Damn brings his best ever live show to Mo's Desert Clubhouse

Breaking the conventions of modern music, Alby Damn's Rock n Roll live show breaks the barrier between artist and audience, where he creates an authentic connection through honesty and an adventure through his music. Fresh out of the surf at his local break Snapper Rocks, Alby & friends will be bringing the heat,

July 9th at Mo's Desert Club House.

Take a walk on the wild side!

Alby's music erupted as a result of a savage motorcycle accident in Cambodia. During his recovery he came to the realisation and acceptance of the creative and destructive forces in his life & the Modern World.

"We keep living & breathing. Positivity is key"

Alby Damn's passion for extreme sports and creativity has driven him to push the limitations on and off the stage. Alby uses his music as a tool to manifest a better world. He has found a way to balance himself above these turbulent waves, and succeed at everything he puts his mind to.

"Music unites the people and unites our ideas."

The Alby Damn Experience will be lighting up the building on July 9th at Mo's Desert Clubhouse, doors open at 1pm.
